

Chemistry 106:
General Chemistry I Lecture: Section M 045
Fall 2017

General Course Information:

Instructor: Dr. Jonathan French

Office: Center for Science and Technology, 4th floor, room 014D

Office Hours: M/W 2:00 PM – 4:00 PM 4th floor, room 014F

Email: jmfrench@sy.edu

Teaching assistant:

Teresa Dierks (tmdierks@sy.edu)

Shawn Dorman (sdormann@sy.edu)

Derek Case (drcase@sy.edu)

Class Times and Locations

Lectures: Monday and Wednesday 5:15 – 6:35 PM Stolkin Auditorium (Physics Building)

Recitations: Attend the **ONE** for which you are registered

M046	M	8:25 AM – 9:20 AM	Sims Hall 237 (Teresa Dierks)
M047	M	12:45 PM – 1:45 PM	Bray Hall 315 (Shawn Dorman)
M048	M	3:45 PM – 4:40 PM	Life Science Building 011 (Derek Case)
M049	Tu	8:25 AM – 9:20 AM	Life Science Building 011 (Teresa Dierks)
M051	Tu	6:30 PM – 7:25 PM	Sims Hall 241 (Teresa Dierks)
M052	W	11:40 AM – 12:35 PM	Shaffer Art Building 121 (Derek Case)
M053	Th	6:30 PM – 7:25 PM	Sims Hall 237 (Shawn Dorman)

Course Description: Fundamental principles and laws underlying chemical action, states of matter, atomic and molecular structure, chemical bonding, stoichiometry, properties of solutions, chemical equilibria, and introductory thermochemistry (3 credits)

Co-requisite: CHE 107 – General Chemistry Laboratory I (1 credit). Please note that this course should be taken in concert with CHE 106 but is a separate course with separate staff and grading. Please check with your course schedule for the time and meeting place of your laboratory class. All questions regarding CHE 107 should be forwarded to the CHE 107 instructor or teaching assistants.

Learning Outcomes:

• Interpret and predict chemical phenomena through chemical behavior • Understand selected chemical processes • Solve new problems related to chemical behavior • Understand atomic structure, chemical reactions, stoichiometry, energy, thermochemistry, bonding, and gases • Understand topics at the conceptual and quantitative levels

TEXTBOOK AND SUPPORTING MATERIALS: (at the SU bookstore)

a.) Chemistry the Central Science (14th edition or Syracuse Custom Edition) by Brown, LeMay, Bursten, Murphy, Woodward, Stoltzfus (Pearson/Prentice Hall, 2018)

This is a new edition, students are welcome to use the previously issued 13th edition

b.) MasteringChemistry On-Line Homework 31-digit login/registration key

MasteringChemistry is accessed ONLY through the Blackboard course website.

NOTE: If you do not want to buy the textbook package from the SU Bookstore, both the e-book version of the textbook and the MasteringChemistry login can be purchased directly through blackboard

c.) Blackboard Lecture material, solutions to homework problems, review material for exams, and answer keys will be posted here.

RECITATIONS

Recitation is a weekly class which is much smaller than the lecture component and taught by a graduate teaching assistant (TA). Recitation is a great setting to work through problems in a more one on one type environment. Feel free to bring questions from lecture or homework to review and discuss with your TA. Recitations are designed to help you learn the material and answer particular questions that you may have.

Additionally, recitation will also offer a weekly quiz that will cover key material from the previous week's lecture, and might be used to initiate the discussion of course content between students and the TA. The quiz will take place within the first 15 minutes of recitation, immediately followed by reviewing that material. The quiz will be graded on a pass/fail basis and will be used as bonus points toward the lowest exam grade. Each passed quiz will be worth one point, there will be a total of 12 quizzes. The two lowest quizzes will be dropped totaling 10 points total which can be added to your lowest exam grade. Recitation and the quiz are both optional, they are designed to help you succeed in the class but are not mandatory.

If students have additional questions they are encouraged to stay in recitation after the quiz is completed.

Recitation attendance is NOT mandatory and there is NO grade associated with the recitation.

APPROXIMATE LECTURE SCHEDULE

The following schedule lists the approximate topics that will be covered along with the relevant readings in the textbook. Please complete the reading before the scheduled lecture.

DATE	TOPIC	TEXT READING
Monday, August 28 th	Syllabus, Introduction to Chemistry	Syllabus, 1.1 – 1.3
Wednesday, August 30 st	Measurement	1.5 - 1.7, App A.1
Monday, September 4 th	Labor Day No Class	-
Wednesday, September 6 th	Atomic Theory, Periodic Table	2.1 - 2.5
Monday, September 11 th	Molecules, Ions, Compounds (naming)	2.6 - 2.8
Wednesday, September 13 th	Chemical Equations, Stoichiometry, Moles	3.1 - 3.3
Monday, September 18th	Exam #1 (Ch 1, 2)	
Wednesday, September 20 st	Stoichiometry, Moles	3.4 - 3.7
Monday, September 25 th	Mass, Limiting Reagent	3.4 - 3.7
Wednesday, September 27 th	Ions/Precipitation and Acid-Base Reactions	4.1 - 4.3
Monday, October 2 nd	Oxidation - Reduction Reactions, Solutions	4.4 - 4.6
Wednesday, October 4 th	Thermochemistry	5.1 - 5.4
Monday, October 9th	Exam #2 (Ch 3, 4)	-
Wednesday, October 11 th	Thermochemistry	5.5 - 5.9
Monday, October 16 th	Light Waves, Photons	6.1 - 6.2
Wednesday, October 18 th	Bohr Model, Quantum Mechanics	6.3 - 6.6
Monday, October 23 rd	Orbitals & Electron Configuration	6.7 - 6.9
Wednesday, October 25 th	Periodicity, Effective Charge	7.1 - 7.3
Monday, October 30th	Exam #3 (Chapters 5, 6)	-
Wednesday, November 1 st	Ionization, Affinity, Metal Character	7.4 - 7.6
Monday, November 6 th	Chemical Bonding	8.1 - 8.4
Wednesday, November 8 th	Lewis Structures	8.5 - 8.8
Monday, November 13 th	Molecular Shapes, VSEPR Model, Polarity	9.1 - 9.4
Wednesday, November 15 th	Hybrid Orbitals, Molecular Orbitals	9.5 - 9.7
Monday, November 20-22 nd	NO CLASS — THANKSGIVING	-
Monday, November 27 th	Gas Laws	10.1 - 10.5
Wednesday, November 29th	Exam #4 (Chapters 7, 8, and 9)	-
Monday, December 4 th	Kinetic-Molecular Theory	10.6 - 10.8
Wednesday, December 6 th	Review	
Monday, December 11th	CUMULATIVE EXAM NOTE: 5:15 PM to 7:15 PM	ALL CHAPTERS

OFFICE HOURS:

TA office hours will be held in Room 115 of the Life Science Building (LSB). A schedule of office hours will be posted on the door of Room 115. Students are free to seek help from **ANY** of the CHE 106 TAs that are teaching this semester, not just the TA that is in charge of their particular recitation section.

HOMEWORK SCHEDULE

The following is an APPROXIMATE schedule of material that will be covered in homework that is due on the MasteringChemistry website organized by week. **ALL** homework is to be done and turned in on the MasteringChemistry website. No exceptions. Students are encouraged to seek help when needed for homework. Students are encouraged to utilize recitation, TA office hours, or my office hours to find help with homework.

Homework is due at midnight of the Sunday indicated in the schedule. Homework that is not turned in on time will be marked late at a penalty of 5% off per day late. **Turning in your homework late, is better than not turning it in at all.**

You will have one to two weeks to finish an assigned homework set. The homework carries a weight of 20% of your final grade. Do not overlook the importance of the homework in determining your final grade.

CONSULT THE MASTERINGCHEMISTRY WEBSITE FOR ASSIGNED PROBLEMS.

Week	Material Covered	MasteringChemistry Assignments	Due Date (~midnight, 11:59PM)
August 28 th	NO RECITATIONS / NO HOMEWORK DUE		
September 4 th	Chapter 1	Intro to MasteringChemistry, Homework #1	Sunday, September 10 th
September 11 th	Chapter 2	Homework #2	Sunday, September 17 th
September 18 th	-	-	NO HOMEWORK DUE
September 25 th	Chapter 3	Homework #3	Sunday, October 1 st
October 2 nd	Chapter 4	Homework #4	Sunday, October 8 th
October 9 th	Chapter 5	Homework #5	Sunday, October 15 th
October 16 th	Chapter 6	Homework #6	Sunday, October 22 nd
October 23 rd	-	-	NO HOMEWORK DUE
October 30 th	Chapter 6, 7	Homework #7	Sunday, November 5 th
November 6 th	Chapter 8	Homework #8	Sunday, November 12 th
November 13 th	-	-	NO HOMEWORK DUE
November 20 th	Chapter 9	Homework #9	Sunday, November 26 th
November 27 th	-	-	NO HOMEWORK DUE
December 4 th	Chapter 10	Homework #10	Sunday, December 10 th

COURSE POLICIES

Students should review the University's policies regarding Disability-Related Accommodation; Diversity and Disability; the Religious Observances Notification and Policy; the Academic Integrity Policy; and Orange SUccess, which can be accessed via the Office of the Provost's website at: <http://provost.syr.edu/>

Academic Honesty:

"Syracuse University's Academic Integrity Policy reflects the high value that we, as a university community, place on honesty in academic work. The policy defines our expectations for academic honesty and holds students accountable for the integrity of all work they submit. Students should understand that it is their responsibility to learn about course-specific expectations, as well as about university-wide academic integrity expectations. The policy governs appropriate citation and use of sources, the integrity of work submitted in exams and assignments, and the veracity of signatures on attendance sheets and other verification of participation in class activities. The policy also prohibits students from submitting the same work in more than one class without receiving written authorization in advance from both instructors. Under the policy, students found in violation are subject to grade sanctions determined by the course instructor and non-grade sanctions determined by the School or College where the course is offered as described in the Violation and Sanction Classification Rubric. SU students are required to read an online summary of the University's academic integrity expectations and provide an electronic signature agreeing to abide by them twice a year during pre-term check-in on MySlice. For more information about the policy, see <http://academicintegrity.syr.edu>.

Syracuse University's religious observances policy

(http://supolicies.syr.edu/emp_ben/religious_observance.htm) recognizes the diversity of faiths represented among the campus community and protects the rights of students, faculty, and staff to observe religious holy days according to their tradition. Under the policy, students are provided an opportunity to make up any examination, study, or work requirements that may be missed due to a religious observance provided they **notify their instructors before the end of the second week of classes**. For fall and spring semesters, an online notification process is available through MySlice/Student Services/Enrollment/My Religious Observances/Add a Notification from the first day of class until the end of the second week of class. The religious observances policy requires **accommodation for the religious holiday itself, not for travel days** if a student will be observing the holiday elsewhere.

Attendance

Attendance is not recorded in lecture, however you are encouraged to attend lecture. I will post the PowerPoint file of the material covered in lecture, it will not contain solutions to exercises we will work through during lecture.

Medical absences will be excused based on written advice from the Health Center or a health-care provider (based upon clinical findings and prescribed treatment recommendations). See: <http://health.syr.edu/students/policies.html>

NO VERBAL EXCUSES WILL BE ACCEPTED. The medical document must specifically indicate that you were unable to attend class/recitation. All such absences will be verified by Chemistry Department staff.

THERE WILL BE NO MAKEUP EXAMINATIONS EXCEPT IN THE CASE OF **ADVANCE-NOTICE** APPROVED ABSENCES. ALL ADVANCED-NOTICE APPROVALS WILL RESULT IN AN OPPORTUNITY TO TAKE THE EXAM IN ADVANCE, NOT AFTER THE REGULARLY SCHEDULED EXAM TIME.

Disability-Related Issues

If you have a learning or physical disability, please contact me as soon as possible (**during the first 2 weeks of the course**) to arrange for appropriate accommodations. No provisions/accommodations will be made if the instructor is notified after examinations. Students requiring special accommodations **MUST** register with the Office of Disability Services (804 University Avenue, Suite 303, Phone: Voice: (315) 443-4498; TDD: (315) 443-1371, E-Mail: odssched@syr.edu). Exams **MUST** be administered by the Office of Disability Services.

Orange SSuccess: I will be using Orange SSuccess to submit mid-semester progress reports for all students around (10/23). This will be used to communicate your standing in the course and recommendations course of action for the remainder of the course. You can also use Orange SSuccess to seek extra help or signup for office hours. If you schedule a meeting with me through Orange SSuccess please do so at least 24 hours in advance of the meeting.

COURSE GRADING

Exams: Exams will cover both material covered in lecture and the homework. The majority of questions will be problems similar to the assigned homework and tutorial exercises. Each exam will focus on specific chapters as noted in the syllabus and in the lecture notes. Exams will be mostly multiple choice with a few short answer or calculation type questions. Do not be alarmed by short answer response questions. They are designed to help you. With multiple choice questions, there are only right or wrong answers. With a short answer response question, there is room for **PARTIAL CREDIT**.

Exam pickup: will be limited to one calendar month. This means that if you take an exam on September 25th, that exam will be available in the main office for you to look at, with the scantron, through October 25th. You can obtain a **COPY** of your scantron and the answer key.

BRING A NON-GRAPHING CALCULATOR TO ALL EXAMS.

cell phones/tablets/other devices are not allowed

Exams are given during the regular class period, with the exception of the final exam.

First Exam	Monday, September 18th
Second Exam	Monday, October 9th
Third Exam	Monday, October 30th
Fourth Exam	Wednesday, November 29th
Cumulative Exam	Monday, December 11th from 5:15 PM to 7:15 PM

>>>>> MAKE YOUR TRAVEL PLANS NOW! <<<<<<

NO ACCOMMODATIONS FOR STUDENT TRAVEL/EXAM CONFLICTS WILL BE MADE.

Cumulative Final Exam:

The exam scheduled for **Monday December 11th** is an exam that students may choose to take in an effort to replace the lowest score they have received on **ONE** of the regular in-class exams taken during the semester. For example, a student scores 80%, 30%, 75%, and 85% on the in-class exams, and chooses to take the cumulative exam. They score a 60% on the cumulative exam, which then replaces the 30% grade they scored on Exam #2.

There is no penalty for receiving a low score on the cumulative exam. Warning: The cumulative exam will be more difficult than a regular in-class exam.

Final Grade Determination

Course grades are based on 4 of the highest exam scores and the on-line homework. The grading scale shown below is based on historical class averages and grade distributions for the first-semester general chemistry course. Additional “curving” of the class grades will normally NOT be applied, but the Chemistry Dept. reserves the right to do so in extraordinary cases. In such a case, scores will only be curved up (not down) and therefore will never negatively impact your letter grade.

The final grade will be computed using the following items and weightings:

Four Exams (20% each)	80%
MasteringChemistry Homework	20%
<u>Course Total:</u>	<u>100%</u>

The equation to calculate your overall course raw score percentage is:

$$(\text{Exam \#1 \%}) \times 0.20 + (\text{Exam \#2 \%}) \times 0.20 + (\text{Exam \#3 \%}) \times 0.20 + (\text{Exam \#4 \%}) \times 0.20 + (\text{Homework \%}) \times 0.20 = \text{Overall \%}$$

Letter grade ranges based upon raw score percentages:

$$A = \geq 90\% \quad A- = \geq 88\% \quad B+ = \geq 85\% \quad B = \geq 80\% \quad B- = \geq 75\%$$

$$C+ = \geq 70\% \quad C = \geq 65\% \quad C- = \geq 60\% \quad D = \geq 50\% \quad F = < 50\%$$

Dr. French reserves the right to change this syllabus at any time during the semester
